### Preparing for Growth

Hello from Gina and Nancy!

We are very excited to share some big changes here at Mid-Atlantic Interpreting Group.

One of the changes is right here, our first company newsletter. We have plans to release newsletters on a quarterly basis as a method of keeping you informed of all the happenings that are going on at MAIG.

Read about our other changes, including some new staff members, information about our Open House at the new office location, upcoming workshops hosted by MAIG, and more!

We are working hard to revamp our current website to give you a new and improved, user-friendly web interface in our next newsletter, so stay tuned. We are also preparing a new company brochure, and believe it or not, an MAIG Facebook page!

We hope you enjoy reading about us and our many changes.

See you next quarter!

-Gina D'Amore and Nancy Bender

### Meet the New Members of the MAIG Team!

As a part of our new plan to expand our business, we have hired several new members of our staff to assist us in our growth plan.

Jean-Marie Baldi is our new director of business development. She has been a member of our team as a Typewell provider for many years, and comes to us with a lot of experience working with interpreters in the National Capital region. As we begin to bid on new contracts and promote growth, you will be hearing a lot from Jean-Marie.

Anne Louise Seaman is our new administrative assistant, who will begin work with MAIG this fall. She is currently in her last semester of the Interpreter Training Program at Catonsville Community College. She is looking forward to working with us and the interpreter community here at MAIG.

## Mentoring New Interpreters

Plans are underway at MAIG to develop a mentoring program for interpreters new to the industry. We are in need of experienced interpreters that would like to participate in this program, so that we may get these new members of the interpreting community off to a great start!

Contact Jean-Marie Baldi if you are interested in being a mentor. Previous mentoring experience is a plus, but not required.
